Winter Blitz is a produced and promoted by our Ministry with Young People Network for the Kentucky Conference of the United Methodist Church. We have no age restrictions, but we are planning program for those in the body of Christ made of Middle School, High School and College-Aged persons as well as for the adults that facilitate these ministry areas. Come bring your whole church Ministry with Young People team to Winter Blitz 2007.

Saturday afternoon is a scheduled free time for your group. The focus of our weekend is in the main sessions. Please use this time to build the community of your group however you feel best serves the need of your group. If you need some recommendations for this time, we will again be offering a couple of options at the West Hall.
